## Mission tour guide:

**Col. (Ret.) Atar Dagan**, founder and CEO of Atar Tours, holds a B.A. in history. Atar served in the IDF for twenty five years in command and combat roles, as well as a defense attaché in Europe. After retiring from the IDF, he represented the Friends of the IDF (FIDF) in Israel, where he gained rich experience in planning visits of missions and individuals in Israel and overseas.

Atar's love for Israel, its people and landscape, combined with culinary experience and a specialization in the Israeli wine industry, led him to establish Atar Tours. Atar is excited to share his knowledge, social involvement and extensive acquaintance with the Israeli government throughout the mission.
